Acrylic face mounting is a fantastic mounting media for photographic prints, The clarity and depth of the acrylic enhances the colours and vibrancy of your image especially metallic & Superglossy prints, while also providing protection and rigidity. The finished product looks fantastic, has UV protection and is very robust – ideal for galleries and public hanging.

Vision Graphics offers the following range of acrylic products to showcase your images.

Acrylic Photo Blocks – Self-standing face-mounted prints onto diamond polished clear acrylic. Rear of prints are protected with a 1mm white lexan backing. Available in 20 or 30mm thickness.

Acrylic Float Frames – Our standard acrylic face-mount product. Diamond polished clear acrylic. Rear of prints are protected with a 1mm styrene (black or white) backing plus a u-channel frame on the rear for hanging. When hung it is spaced or “Floats” 12mm off the wall. Available in 3, 6 or 10mm.

Acrylic Gatapanel - In this product, the 3mm acrylic is backed with a 10mm Gataboard and finished with a black or white Melamine edging. This product is a lightweight & comes ready to hang.

Acrylic Photo blocks are fast becoming the most stylish way of displaying your images. The clarity and depth of the acrylic enhances the colours and vibrancy while providing a 3D effect.

The advantage of our acrylic block is it's unique design that allows you to easily change your images whenever you wish.

Simply remove and insert a new print into the slot at the rear of the block. Unlike other alternatives there are no internal fixing such as magnets etc. which interfere with the viewed image. You have all the benefits of a face mounted block without the restriction of having to choose a single image. 30mm thick clear acrylic are used on our blocks providing a freestanding display making it ideal for desks, coffee tables, mantle pieces & office receptions. Each block is diamond polished for a superior finish.
